

HOW WOULD YOU MAKE YOUR SCHOOL A BETTER PLACE?

DID YOU KNOW?

In California, students are **guaranteed a voice** in planning and budgeting for their school district. **The Local Control Funding Formula**, or LCFF, requires that districts consult with students, parents, teachers and community members each spring to create an official plan for the coming years.

Launched by the California Alliance for Arts Education, the **Student Voices Campaign** is a creative way for young people to make their voices heard in their school district.

YOUR VOICE

Create a **video** of two minutes or less that shows your vision for your school.

YOUR VISION

What ignites **your creativity, imagination and passion**? What can your district do to inspire students to learn, thrive and succeed? Capture your vision in your video.

YOUR SCHOOL

Upload your video on the Student Voices Campaign site and we'll send it to your local school board. You can also enter to **win a trip** to Los Angeles where your video will be **screened before a live audience** of student artists, activists and industry professionals!

DEADLINE: APRIL 1
